

# DONATE TO COLLECTIVE

Collective is all about helping to create a positive impact. We're lucky to be part of an amazing community of people who share our passion for making a difference. We couldn't do it all without your support!

We believe in ideas. We believe in people. An idea succeeds with a rockstar team and access to the right tools. That's how Collective can help!

All too often, only the privileged and academically gifted are allowed access to opportunities. Collective provides scholarships, affordable education and workforce development training in **S.T.E.A.M. (Science, Technology, Engineering, Arts, Media)** programs. Our EDU program "COLLECTIVE" trains individuals in the workforce by providing affordable, subject-specific, short-term classes, career placement and employment support.

Donating to Collective enables us to apply your donation where it will create the most impact. Whether it's helping to support entrepreneurs launch businesses and create jobs within their communities, or scholarships to underprivileged or underemployed individuals, you can be sure that your money will be used right where it's needed most. **We are not for profit, which means our top priority is helping students and entrepreneurs succeed. All donations are proudly managed by**

## **Our Mission:**

Developing a skilled workforce and new businesses through education and incubation.

## **Our Vision:**

Collective exists to provide affordable education, mentorship and life skills to individuals wishing to pursue training in **S.T.E.A.M** (science,technology,engineering,arts,media) programs. Our organization promotes excellence, self - sufficiency and sustainability initiatives through EDU and workforce development. We promote "Skills-based Education" that combines a market-driven curriculum, student recruitment, growth and development resources, and career coaching services to elevate graduates for increased job market success.

## **Want to help our Mission:**

Whenever you pledge support , you are helping to develop a skilled workforce and new businesses through education and incubation.
